

Dear Pharmacist

Discovery Health standard rates and networks for 2018

We want to extend an open invitation to pharmacies that have not yet joined our preferred provider pharmacy networks. If you want to join the Discovery Health networks and have not done so yet, please fill in the agreement included in this document and send it to us.

How to join the Discovery Health DSP pharmacy networks

Complete the agreement sign it and email it back to us at provider_administration@discovery.co.za and we will register you accordingly.

To avoid charging unnecessary co-payments for medical scheme members, please ensure you confirm your chosen network rate with your software vendor well in time.

New schemes participating in Discovery Health pharmacy networks

For your convenience, we have attached a comprehensive summary of the rates applicable to each scheme we administer. Please refer to this summary for more information about the changes, which we have marked for your convenience in **red**.

Cancelling or changing your DSP network agreement

Participating in a Discovery Health pharmacy network is voluntary. If you choose to withdraw your participation, send us an email at provider_administration@discovery.co.za with your request, together with your BHF practice number. We will end your participation in the Discovery Health pharmacy network according to the contract specifications. You will also have to instruct your software vendor of the change in writing.

Participating in the Discovery Health Performance-based Remuneration Network

Make sure you also enrol on the Performance-based Remuneration (PBR) Network offered by Discovery Health Medical Scheme and earn an additional dispensing fee when adhering to the required compliance levels. You will find the document 'Invitation to join Performance Based Remuneration' included here within. Complete, sign and return the agreement and we will register you accordingly.

Visit our website for the information that you need

All our formularies, application forms and previous communications to pharmacies are available on the following path: <https://www.discovery.co.za/portal/individual/propbm-communicues>

Thank you for your commitment to working with us to ensure the members of the medical schemes we administer can continue to have access to affordable medicine and quality service, we look forward to continuing with this relationship in 2018.

Please feel free to email us at healthpartnerinfo@discovery.co.za if you have any further questions about this.

Regards

Provisions for participation in network *The pharmacy described above will hereinafter be referred to as "the pharmacy"*

The pharmacy has been invited by Discovery Health and declares herewith its intent to join the Performance Based Remuneration pharmacy network on the terms and conditions referred below. The pharmacy agrees:

- To act at all times in accordance with existing medicine and pharmacy legislation, standards and codes of conduct.
- That these terms and conditions must be read together with the attached non-exclusive independent community pharmacy Network DSP agreement that describes the existing standard dispensing fees and provisions. Participation in the standard network is a requirement for PBR.
- That no rate changes on the pharmacy's system are required since the variable PBR dispensing fees will be retrospectively applied to Chronic Illness Benefit (CIB) claims only and only if and when the pharmacy qualifies by reaching or exceeding the compliance threshold set out below.
- That this agreement currently only applies to Discovery Health Medical Scheme and in future will apply to any one of the current and/or future willing schemes administered by Discovery Health (Pty) Ltd at any given time during the term of the agreement.
- That the details set out in this form can be used by Discovery Health and its staff members for operational purposes.
- To join the PBR network as a DSP from the first day of the current month if the signed agreement is received before or on the 15th day of the month or to join from the first day of the next month if the signed agreement is received after the 15th day of the applicable month.
- That the pharmacy will take responsibility to inform the pharmacy's software vendor by emailing this signed agreement so that the benchmark price and benchmark products can be displayed on the screen in the pharmacy.
- That the pharmacy will be measured on a monthly basis on their individual formulary compliance performance which is measured as the percentage PBR formulary and benchmark items dispensed out of all chronic paid medicine claims during a calendar month, taking into consideration the PBR exclusion rules.
- That the participating pharmacy will continue to charge at their existing standard dispensing fee rate. However, once the pharmacy's individual compliance performance has reached or exceeded the compliance threshold for the previous calendar month, the pharmacy will qualify for the PBR variable dispensing fee to apply for the next month.
- That the compliance threshold that the independent community pharmacy needs to reach or exceed for Chronic Illness Benefit claims for the pharmacy to qualify and the applicable PBR variable dispensing fee to apply, is 49% from 1 October 2017 and 51% from 1 January 2018. Discovery reserves the right to review and increase the threshold twice a year after formulary updates again from 2019.
- That for a qualifying pharmacy that has reached or exceeded the compliance threshold, the retrospective PBR payment report is compiled on a three-monthly basis. The PBR payment report comprises of the Chronic Illness Benefit claim lines submitted by qualifying pharmacies during the report period (full calendar months only). Whereby the difference between the paid dispensing fee and PBR variable dispensing fee is calculated for formulary and benchmark items paid from CIB. The difference is to be settled every three months, within the next month from PBR payment cycle end.
 - Benchmark dispensing fee: 46% capped at R98 with a minimum of R7.15 (VAT inclusive)
 - Non -benchmark dispensing fee: 30% capped at R45 (VAT inclusive)
- That when the participating pharmacy falls back to below the required PBR compliance threshold for the calendar month, the pharmacy will no longer qualify for the PBR report and the applicable PBR variable dispensing fees will therefore not apply for the next month. The standard dispensing fee will then apply until the pharmacy qualifies again during any future calendar month where after the PBR variable dispensing fee will apply the following month.
- That claims for KeyCare and Delta network options, claims received **from courier pharmacies** or pharmacies not contracted to PBR or not contracted as a non-exclusive DSP and claims paid from all other benefits other than the Chronic Illness Benefit, including but not limited to acute benefits, HIV, Specialised Medicine and Technology Benefit, oncology benefits and Additional Disease List claims will be excluded from the PBR variable dispensing fees. The chosen standard dispensing fee of as per the non-exclusive independent pharmacy network DSP agreement will then apply.
- To the confidential nature of all information provided to the pharmacies relating to PBR or otherwise and which, even if not marked as confidential, by its nature or contents is identifiable as, or could reasonably be expected to be confidential and/or proprietary and which will only be used for the purposes of insight relating to the agreement. It shall not under any circumstances disclose, exchange or distribute the contents thereof to any third party other than employees of the pharmacy who "need to know" for the purposes of providing the service and who are under same the obligation as the pharmacy to exercise the same degree of care in protecting the confidential information.

If the pharmacy or Discovery Health want to terminate this PBR agreement, each party is required to give each other one calendar month's written notice. Please send termination request and BHF number to: provider_administration@discovery.co.za. Once terminated, the chosen standard network dispensing fee applies to all CIB claims.

<p>Provisions for participation: <i>(the pharmacies described above will jointly hereinafter be referred to as the "pharmacy")</i></p> <ul style="list-style-type: none"> This contract replaces any previous community pharmacy network agreement. The pharmacy agrees to act in accordance with all medicine and pharmacy legislative requirements related to the procurement and dispensing of scheduled medicine and will ensure that the pharmacy and responsible pharmacists are registered and remain registered with the South African Pharmacy Council. The pharmacy agrees to subsequent rate increases and other changes as applied, unless the agreement is terminated. The pharmacy agrees that it will not charge members of the medical schemes administered by Discovery Health (Pty) Ltd and their registered dependants, fees that are higher than the rates described below and agreed to by the pharmacy. The parties agree that if the pharmacy fails to comply with this agreement, the pharmacy will be suspended from all pharmacy networks. The pharmacy agrees that for those pharmacies participating in the Discovery Health Performance Based Remuneration dispensing fee model (PBR dispensing fee model), the tariffs are subject to change as negotiated per the PBR dispensing fee model for authorised Chronic Illness Benefit items for the PBR variable dispensing fee to apply. The pharmacy undertakes to give preference to generic items on the Discovery Health Chronic Illness Benefit formulary when dispensing chronic medicine. The pharmacy confirms that all the pharmacies described above are independently owned, and are stock-keeping pharmacies situated in close proximity to or within the community that is served, where the majority of members visit the pharmacy to discuss their medicine needs and receive their prescribed medicines. The pharmacy agrees to Discovery Health making the details set out in this form available on www.discovery.co.za and to Discovery Health call centre consultants who will communicate these details to members as and when requested. The pharmacy undertakes to obtain explicit approval from Discovery Health to use its brand or logo, which may be subject to further terms and conditions. The pharmacy accepts responsibility to arrange the chosen rates as below with their appropriate software vendor. The parties agree that the pharmacy is subject to audits and if the pharmacy is suspected of fraudulent behaviour, the member will be directly reimbursed instead of the pharmacy pending the outcome of the investigation.
