DISCLAIMER

The information contained in this document may be subject to change. The Oncology Programme and the utilisation of the benefits on the programme is subject to specific conditions and rules. You must ensure that you are familiar with these rules and conditions. The Scheme Rules and the Oncology Benefit guide are available on www.discovery.co.za.

Any instruction or advice we give about medicines and the management of the member's condition is intended as a supplement to, and not a substitute for, the knowledge, expertise, skill and judgement of the member's doctor, pharmacist or other healthcare professional.

The medicine listed in the oncology supportive medicine list (formulary) apply across all health plans unless otherwise stated. You may need to get your medicine from a designated service provider (DSP) to avoid a 20% co-payment. Visit www.discovery.co.za under Medical Aid > Find a healthcare provider or click on Find a healthcare provider in the Discovery Health app to find providers in our network.

Discovery Health Medical Scheme reserves the right to change the benefit at any time. We will communicate any changes to the way we pay medicines when we make these. The most up to date version of this document is available on www.discovery.co.za under Medical Aid > Find documents and certificates.
