Out-of-hospital Prescribed Minimum Benefit (PMB) chronic medicine list (formulary)

DISCLAIMER
<p>The information contained in this document may be subject to change. The Out-of-hospital Prescribed Minimum Benefit (OHPMB) and the utilisation of the benefits and programmes associated with this benefit is subject to specific conditions and rules. Members must ensure that they are familiar with these rules and conditions. The Scheme Rules are available on www.discovery.co.za under Medical Aid > About Discovery Health Medical Scheme.</p> <p>Any instruction or advice we give about medicines and the management of your condition is intended as a supplement to, and not a substitute for, the knowledge, expertise, skill and judgement of your doctor, pharmacist or other healthcare professional. You may need to get your medicine from a designated service provider (DSP) to avoid a 20% co-payment. Visit www.discovery.co.za under Medical Aid > Find a doctor or click on Find a provider in the Discovery Health app to find providers in our network.</p> <p>Discovery Health Medical Scheme reserves the right to change the benefit at any time. We will communicate any changes to the way we pay medicines when we make these. The latest version is always available on www.discovery.co.za under Medical Aid > Find documents and certificates.</p>

About some of the terms we use in this document

There may be some terms we refer to in the document that you may not be familiar with. Here are the meanings of these terms.

TERMINOLOGY	DESCRIPTION
Active ingredient	This is the main substance in a medicine that is responsible for the clinical action on a human body.
Benefit year	A benefit year refers to the benefits a member is entitled to during a calendar year, that is to say 1 January to 31 December. This medicine list (formulary) is applicable for this benefit year only.
Co-payment	This is an amount that you have to pay towards a healthcare service. The amount can vary, depending on the type of healthcare service, the place of service and whether the amount that the service provider charges is higher than the rate that we cover. If the co-payment amount is higher than the amount charged for the healthcare service, you will have to pay for the cost of the healthcare service.
Emergency medical condition	An emergency medical condition may be referred to, simply, as an emergency. It is the sudden and, at the time, unexpected onset of a health condition that requires immediate medical and surgical treatment. Failure to give this medical or surgical treatment would result in serious impairment to bodily functions or serious dysfunction of a bodily organ or part, or it would place the person's life in serious jeopardy. An emergency does not necessarily need you to be admitted to a hospital and you may be treated in casualty only. We may ask you for more information to confirm the emergency.
Medicine class	This describes medicines that have similar chemical structures or similar therapeutic effects.
NAPPI code	This is a unique identifier for a given medicine, surgical or consumable product.
Prescribed Minimum Benefits (PMBs)	<p>In terms of the Medical Schemes Act 131 of 1998 and its Regulations, all medical schemes have to cover the cost related to the diagnosis, treatment and care of:</p> <ul style="list-style-type: none"> • An emergency medical condition • A defined list of 271 diagnoses • A defined list of 27 chronic conditions. <p>The Council for Medical Schemes has set the following rules for how to access Prescribed Minimum Benefits:</p> <ul style="list-style-type: none"> • Your medical condition must qualify for cover and be part of the defined list of Prescribed Minimum Benefit conditions. • The treatment that you need must be provided for in the defined benefits.

TERMINOLOGY	DESCRIPTION
	<ul style="list-style-type: none">You must use designated service providers in our network. This does not apply in emergencies. Where appropriate and in line with the rules of the Scheme, you may be transferred to a hospital or other service providers in our network, once your condition has stabilised. If you do not use a designated service provider, we will pay up to 80% of the Discovery Health Rate. You will be responsible for the difference between what we pay and the actual cost of your treatment. <p>If your treatment doesn't meet the above criteria, we will pay according to your plan benefits.</p>
Reference Price	The Reference Price is the set amount that we pay for a medicine category. This applies for medicine that is not listed on the medicine list (formulary).
